

## Uffizio Bookcase by Paolo Castelli

We love this lighted and wall-mounted bookcase by Paolo Castelli for Uffizio, and we're not alone, as it won the prestigious Archiproducts Design Award in 2020. With Italian design principles at work, its trendy bronze matte finish juxtaposes a satin mirror-backing to amplify its beauty. When ordered with the LED lighting system, contents on the transparent glass shelves are illuminated, brightening the room. Imagine highlighting a glass artwork, its intricacies magnified by light. For those with tall objects to display, a three-shelf version is also available.

**\$4,500 and up**  
**77 x 18 x 8.75 inches**
